

Bowls

BOWLS SPORTS WHEELCHAIR

Built to comply with New Zealand Bowls regulations for using wheelchairs on the green. But always get permission from the green-keeper.

Bowls holders can be mounted above or below the chair. The low ride height puts you closer to the green and wider castor positions allow your feet to clear the castor wheels. Wheel/frame offsets can also be built in to help place you over the bowl.

Built as a folding or fixed frame to aid storage or to provide a robust rigid platform to bowl. What ever you can think of to improve your game, we can build for you.
